I would be so happy if someone could answer these questions.

Has there been published any other books by Jane except of these 6?

Has the 2007 versions wich has been made of many of her books been shown in Britian?

Does anybody know if it will hit other countries?

If you take a look at the complete works section of this page, a lot more of her works can be found there. Many of the them were not published while she was alive, but have been in the past and could possibly be hard to find today.

I believe that most of them are available for download (free!) on this site, so take a look!

The Watsons, Lady Susan, Juvenalia, etc. can all be found on the complete works page.
